

Everest

Featuring Lancer's renowned air tight design, the Everest glycol chiller has been designed for the larger beer systems. With a 190 litre capacity glycol bath, the Everest is available with twin cassette options.

PRODUCT FEATURES

- Long life Stainless Steel cabinet construction
- Air tight design of tank area to help eliminate glycol dilution
- Low installation, operating and maintenance costs
- 150mm adjustable stainless steel legs
- Proven semi-submersible pump
- Operates on environmentally responsible refrigerants
- Rigid water blown non-CFC polyurethane insulation
- Australia designed and manufactured C 3 approved

PRODUCT OPTIONS

- Glycol manifolds complete with back check valves and ball valves
- Glycol refractometer
- Glycol flow indicators
- Twin cooling cassettes
- Multiple pump options

PRODUCT SPECIFICATIONS

Dimensions	Width: 680mm, Depth: 680mm, Height: 1265mm
Weight	Empty: 105kg, Operational: 285kg, Shipping: 110kg
Refrigerant	R404a – other available on request
Power Supply	240V / 50Hz 15A – refrigeration & pump Supplied standard with 1P56 plug
Bath Capacity	190 Ltr
Capacity (KW @ -10°C SST)	3kW, 5kW, 8kW, 10kW Plus twin cassette options

PRODUCT RANGE

PART NUMBER	DESCRIPTION
31638223	Everest Chiller 30, 3kW, R404a, 2xSPK-11
31635258	Everest Chiller 50, 5kW, R404a, 1xSPK2-11
31635101	Everest Chiller 50, 5kW, R404a, 2xSPK2-11
31634108	Everest Chiller 50, 5kW, R404a, 2xSPK4-11
31635118	Everest Chiller 80, 8kW, R404a, 2xSPK2-11
31635143	Everest Chiller 80, 8kW, R404a, 2xSPK4-11
31635131	Everest Chiller 100, 10kW, R404a, 2xSPK2-11
31635155	Everest Chiller 100, 10kW, R404a, 2xSPK4-11
31641726	Everest Chiller 30-30, 2 x 3kW, 404a, 2xSPK2-11
31636208	Everest Chiller 40-40, 2 x 4kW, 404a, 2xSPK4-11
31635167	Everest Chiller 50-50, 2 x 5kW, R404a, 2xSPK2-11
31635204	Everest Chiller 80-80, 2 x 8kW, R404a, 2xSPK4-11
31635192	Everest Chiller 100-100, 2 x 10kW, R404a, 2xSPK2-11
31635210	Everest Chiller 100-100, 2 x 10kW, R404a, 2xSPK4-11
