EVERYONE LOVES FROZEN™

802M

Streamlining your frozen experience, the 802M fuses the proven technology of all FBD equipment with an easy-to-use, low-maintenance platform. Featuring a simple layout that offers tool-free cleaning and an innovative user interface that enables quick commands, the 802M provides a design that improves serviceability and productivity while significantly reducing time spent on unit maintenance. The efficient and streamlined features of the 802M deliver a powerful message: High Profitability. Low Operating Cost.

Everyone Loves Frozen. You'll love frozen even more with the 802M.

ADVANCEMENTS

- Rapid Freeze™ - cold chamber system improves refreeze time while reducing the compressor work load and increasing dispenser durability.
- Optional Bevtrak Monitoring - remote monitoring with built in diagnostics for faster troubleshooting to minimize machine downtime and lost sales.
- Cleaning process has been streamlined for ease of completion, including minor disassembly and minimization of parts.
- Shorter design allows for improved hopper access, making product refill easier.
- AccuFreeze™ - maintains product consistency to deliver the most consistent frozen beverage - drink after drink.

PRODUCT FEATURES

- Two flavor shake and smoothie machine capable of serving milkshakes, smoothies, coffees and other frozen beverages.
- Dispenser is designed with electronic controls for consistent and highly efficient performance.
- Direct drive motors allow for better reliability and performance, as well as quieter operation.
- Product Storage: Two, 3 gallon (12 liter) hoppers, refrigerated to maintain product temperature under 41°F (5°C).
