

The Unicorn font is a visually appealing addition to bars and casual dining establishments, boasting a sleek retro design that adds charm and personality. This eye-catching dispenser goes beyond traditional barguns, offering a beautifully crafted, eye-level experience for customers while promoting brand integrity and above-counter advertising. With its sleek through bar mounting, self-contained structure, and small footprint, it seamlessly integrates into any space. It provides convenient and precise product serving options, including handle pulling, flavor button activation, and optional portion control buttons.

- Unicorn font enhances customer experience
- Dispenses drinks at eye level for engagement
- Compact, self-contained design
- Flexible mounting options (clamp-on or through bar)
- Provides portion control and manual pour options
- Utilizes Lancer Flow Control Valve (LFCV) technology for high-quality drinks
- Can accommodate up to four beverage brands, including carbonated water
